

The Financial Payback

Promess and its technology are the #1 choice now and five years from now for your Assembly Press and Torque applications. With more restrictions being placed on businesses to clean up the work environment, Promess has proven that we are 35% less expensive than other suppliers are, after the first 12 months.

Listed are just a few reasons why.

ENVIRONMENT:

- 50%+ heat reduction
- 50%+ noise reduction
- Elimination of oil absorbing socks
- 50%+ energy reduction
- 100% elimination of waste disposal
- 100% elimination of storage & containment
- Reduction of slip and falls

MILLIONS OF DOLLARS SAVED:

- 95% less maintenance
- Integrator cost (turnkey package)
- 75% less floor space
- Technology integration (assemble & gauge at same station)
- Unprecedented consistency in tolerance manufacturing

Added Bonus:

- Promess manufactures **complete** sensing systems, with field support.
- Global support
